Recruits for the Philippines.  
The Recruiting Officer in Lexington has just received orders to enlist a number of white men for service in the regiments now in the Philippine Islands. These men will be sent direct to San Francisco from Lexington, and from there to Manila. This will make a fine trip for able bodied men unmarried, and not over 35 years of age. It will be a chance to see the world, and possibly make a trip entirely "round it." Persons desiring to enlist should apply at once to the recruiting officer in Lexington, in order to be in time.

### Found—Sum of Money.

Capt. Phil Price ill.  
Capt. Phil Price, of the K. C., is confined to his bed in Richmond by an immense carbuncle. We hope the clever ticket-puncher will soon be O. K. The day train is now being run by hear brakeman Brady, who is doing things up in proper shape.

Public Sale.  
Judge J. C. Hemphill, who is administrator of his grand-mother's estate, will, on Friday, May 5, sell at public outcry, 3 milk cows, some corn, baled and loose hay, farming implements, rockaway and harness, household and kitchen furniture. The sale will take place on the premises at 9 o'clock A. M.

Tell Him Early.  
Wes Zanone requests THE RECORD to ask those whose lights get out of shape to please notify him early in the morning. He is kept very busy in afternoons and cannot well leave the power house. To get prompt attention, tell Mr. Zanone your troubles in the morning.

The new-fangled wire bustles and bird-cage hips worn by the ladies are all right when the wearer knows how to walk, but when one walks like she is hopping over clouds, the new arrangement flops up and down at each step like an old-fashioned pump handle. Only a few Lancaster girls are compelled to patch out with such artificial arrangements, however.

Big Blaze.  
Saturday afternoon, about five o'clock, the big barn of Len B. Hudson, at Camp Dick Robinson, was destroyed by fire. The building contained 200,000 pounds of hemp, 500 barrels corn, machinery, hemp seed and other stuff worth, in all, about \$15,000, upon which there was insurance amounting to \$11,250. Origin of fire unknown.

Colored Soldiers, Attention!  
The colored Regiments of the Regular Army are filling up very fast, and there are only a few vacancies left. All able-bodied colored men who can read, and all ex-soldiers who desire to re-enlist should call at once at the Recruiting Office in Lexington, Bus-Cullege Building, Main Street, near post office, Lexington, Ky. ma-4-tf

Senator Gobel Coming.  
Hon. Wm. Goebel, candidate for nomination for Governor on Democratic ticket, will speak in Lancaster next Tuesday, the 9th. The speaking will begin promptly at 2 o'clock P. M. Everybody is cordially invited to be present. Senator Goebel's speech means that the other candidates will also come, so in order to weigh well the claims of all, his speech should be heard.

Ready for Business.  
Come and give your measures and save a few dollars. Best quality, at shoddy prices, from Wanamaker and Brown and Howard Tailoring company. You can get the first choice by coming now and order suit to come when you want it. Suits, tailor-made from \$10. to \$30. Ready-to-wear Suits \$7.50 to \$20. Come while I am at home. Fit and quality guaranteed. All wool. M. D. HUGHES Agent.

Important Meeting.  
The Commercial Club will hold a meeting Tuesday night which will be of vital importance to every man in the county. The L. & N. freight agent has agreed to be present, and all shippers of grain, stock or other stuff should be there and talk over rate matters and other questions of importance. The Club's work will benefit our country friends as much as town people, and they should come in and help keep the ball rolling.

Surveyor Coming.  
The chief surveyor of the Southern Railway company will be in Lancaster within the next two weeks to look over the proposed routes. A meeting of the Commercial Club was held Tuesday night and committees appointed to make all necessary arrangements for conducting the party over the lines. It is the officer's purpose to ascertain, in addition to the route, the resources of each county, amount of stuff shipped, etc. J. M. Farra and A. T. Anderson will probably go the entire distance from Burgin to Middleboro with the party. They go on horseback, taking a tent, coats, and enough provisions to last three weeks. Clubs in the other counties will have men meet the party at their county lines, and the many advantages to the proposed road will be fully set forth. A special assessment was made on members of the club to defray the expense. We dislike to say so, but not more than twenty-five men have been bearing all the expense of doing this work, and a number of so-called public-spirited (?) fellows have flatly refused to contribute a cent. We presume every town is infested by such cattle, however. But the "shortness" of some puts no change on the Club and its undertakings will continue to be pushed to a successful end.

### THE CITY DADS

Held an Important Session and Take Steps in Many Matters.

The regular May meeting of the City Council was called to order by Mayor R. Kinnaird Monday night and each member answered "Here" to roll call. After adopting minutes of last meeting the members buckled down and proceeded as follows:

Committee appointed at last meeting to investigate certain streets in Duncantown, reported that repairs be made on same.

It appearing that the supreme court has decided that holders of stock in banks shall pay tax on same, instead of banks paying it, it was ordered that assessor's books be changed accordingly and the assessor was ordered to get lists of holders of such stock from the banks.

The question of putting on a night watchman was then acted on, mention of which appears elsewhere.

Capt. Herndon then stated to the Board the probability of the Kentucky G. A. R., meeting in Lancaster, and the clerk was ordered to draft a formal invitation to the old soldiers.

The old eye-sore, the burned corner, was then brought up and the dangerous condition and unsightly appearance of same commented upon. The attorney was directed to look into the matter and see to what extent the owners of the lot could be compelled to improve same. It was moved that they be made to put a dressed board fence ten feet high around it, but some one suggested they be made to fill up the old cellars and sod it, so the matter was referred to the attorney. It was clearly the Board's intention to have all done that can be in the matter.

W. McC. Johnston appeared for workhouse-keeper Bengel, and stated that as the latter had just completed a residence on Crab Orchard street, and the further fact that he was kept busy with his livery stable, Mr. Bengel would like to turn over the workhouse to any other person the Council may select. The matter was referred to Mr. Higginbotham, who was invested with authority to make full settlement of the case.

Property owners on Campbell street (Jockey Row) then appeared and pleaded that they be given some relief from the great nuisance carried on there court days. Other parties also complained of the Public Square being turned into a stock pen on court days. It was stated to the Council that if the stock was ordered off the streets Mr. Bengel would erect regular stock pens on his lots near the depot and run them like it is done in all other towns. The attorney was directed to draw such an ordinance. In every town in Kentucky they have regular places set apart for cattle sales, and, after the traders become familiar with it, they would much rather have it that way. It is not only a nuisance, but is decidedly unhealthy to keep four or five hundred cattle penned on the principal streets all day. It is a nuisance and should be remedied by all means. As to Jockey Row, property owners there state that their rent is decreased from one-third to one-half by reason of the drunken, swearing crowd of hoodlums that gathers on that street. The "Jockeys" don't seem to care what kind of language they use before the houses, and their conduct is a disgrace to civilization. The plan proposed is to have the stock pens and "Jockey" at the place designated and then no property owner will be imposed upon.

Mr. Moritz, representing a St. Louis company, then made his application for a franchise on a waterworks system and a committee composed of Messrs. Stormes, Higginbotham and Robinson was appointed to consider the matter and report at a called meeting.

You Should Attend.  
Everybody should attend the contest in elocution at the Graded School Chapel tomorrow, Friday, night at 7.30. The small fee of 10 and 15 cents will be charged, and is to go toward defraying expenses of the pupils who will take part in the Blue Grass Graded School Tournament at Somerset. Our school will send good representatives and we are satisfied the Lancaster entries will make themselves known when the prizes are awarded. Encourage the young folks by attending the contest, and show them by your presence that you are interested in their work.

Graded School Election.  
As stated in last issue, an election will be held at the Graded School building Saturday afternoon to select two trustees. The terms of Messrs. B. F. Hudson and Lewis Y. Leavell have expired, and the patrons of the school are exceedingly anxious that they be re-elected. Two men better qualified for the places cannot be found. They understand the workings of the school, take pride in it, and give much time to its interests. The school was never in better condition every way, and the people should show their appreciation of the Board's work by giving a large vote for the re-election of these gentlemen.

### Night Watchman Put On.

At the Council meeting Monday night, a petition, signed by many taxpayers, was presented asking the board to appoint Joe Petty as night watchman. The request called forth many suggestions, among the number being one to dispense with the day man, and put him on night duty. The Council had evidently heard some of the cannonading, as it was clear they wanted to take steps in the matter. It was finally decided to put Mr. Petty on duty at \$30 per month. Some people have said it was country boys who did the shooting in town, but in this they are sadly off. It is done by a lot of long-haired Mama's darlings and town duds, who lounge about the streets all day and elevate hades at night. Now if Mr. Petty will land some of these hot-house plants behind the bars he will confer a great favor upon a suffering public.

### IF THIS IS TRUE,

Lancaster Will Be Better Fixed Than Ever Before.

We have it from a very reliable source that the L. & N. will, on the 15th, put its day passenger trains on this branch and make the connections at Rowland which THE RECORD has been pulling for. The night trains will remain just as they are and the day train will go to Stanford about noon, connecting with trains there, both north and south, and returning shortly after one o'clock. This will give close connection at Rowland both to Cincinnati, Louisville, Knoxville and Middlesboro. You can leave here at noon and get to either Cincinnati or Louisville for supper and returning leave either city just after breakfast and get home to dinner. This sounds too good to be true, but the report comes from several different sources and from men in position to know what they are talking about. The track has been ballasted and repaired until it is up to the average, and the amount of money spent on it shows the railroad people are preparing for some move. This change would work no inconvenience whatever to people out on the Knoxville branch, as they will make just as good time and the fare will not be increased. The report says one of the through freight trains will run as a local from Rowland to Richmond, and then go into Cincinnati as a "through." The only part of the rumor we don't like is that it will take Capt. Phil Price, Engineer Lammer and the clever crew now running here and put them over on the Livingston branch.

We Want Them.  
A movement is on foot to get the Kentucky Grand Army of the Republic to meet in Lancaster next year and

active steps are being taken toward that end. The meeting would bring about eight hundred old veterans to town, beside many hundred visitors. This meeting is not one where the citizens are asked to take care of the visitors, but the old soldiers come prepared to pay their way, and each man leaves ten to twenty dollars in the town. The meeting will not be held until May, 1900, and by that time the hotel and opera house will be in use and can furnish accommodations for both the meetings and lodging. Capt. Herndon will take the invitation to Glasgow this week, and he and Jim Dillon will work like beavers to get the meeting. It will be a big thing for Lancaster, and it is earnestly hoped the old soldiers will see their way clear to accept our invitation.

### The Railroad.

Copies of the surveys requested by President Spencer are being made and will soon be in the hands of officers. The building of this road has attracted the attention of all other roads running through Kentucky and it looks more like "go" every day, but the matter of having it "go" through Garrard county is what interests the readers of THE RECORD. As stated in a recent issue, there are several other routes beside the one through Garrard, and railroads, like men, go where they get the best figures. THE RECORD wishes to impress upon the people of Garrard the fact that this road means a world of advantages to them, and that if they want it they will have to give the right of way and hustle like good fellows beside. If we miss it, we are gone up the spout, as no other road will ever head this way, because this one makes the only point a road would have to pass through here to get to. Many people along the route have voluntarily offered the right of way and we are satisfied that many more will do likewise.

Take your old Buggy, Phaeton, Road Wagon and Surrey to W. J. Romans and have them made new. We are turning out the best work ever done in Lancaster.

W. J. ROMANS.

### Five Lectures.

Dr. Seimaro Kubota, formerly of Tokio, Japan, will deliver a lecture at the Court House Tuesday night, on his country, her people, manners and customs, progress of Christianity, recent war between Japan and China, and war between the United States and Spain. It will be illustrated by many beautiful views and is recommended as quite interesting. Part of the proceeds will go to the Lancaster Christian church. Admission 25 cts. Tickets on sale at McRoberts' drug store. ap-27-2t

**Tax jury** in the Sommers bribery case at Frankfort was discharged, having failed to agree on a verdict. The jurors stood eight for conviction and four for acquittal. The case has been very much on the order of a temper in a tea pot. A great flurry was made, as if such a thing as bribery was new in elections. Any man who enters a contest expecting to win without the use of boodle evidently goes in for the fun of the thing. It is true the buying of votes is disgraceful, but to win in this day and time a candidate has to shell out his cash right and left.

**LEXINGTON** people stayed up all night to be at the theater to get tickets for Mansfield's "Cyrano de Bergerac" which will be played there next week. Very few people have read the book, but Dame Fashion says it "the thing" and people will climb over each other to attend. We would willingly stand for hours in the broiling sun waiting to get up to the ticket wagon of a circus, but we draw the line on a "high-falootin'" theatricals which have no point and are so dry the eyes of the audience are filled with dust.

**GARRARD** county people regret to learn of the death of Mrs. Jane Rhea, mother of Hon. John S. Rhea, and they extend great sympathy to honorable gentleman in his bereavement. No prominent man in the state is better liked by Garrard county people than is Mr. Rhea.

**THE** monument to Kentucky's dead was unveiled at Chickamauga yesterday amid much pomp and parade. Gov. Bradley and staff were present and the monument was unveiled by Miss Christine Bradley. The monument is said to be very pretty and a credit to the state.

**THE WINCHESTER DEMOCRAT** says Clark county goes in for a ratio of 16 to 1—sixteen office seekers to one real splitter. Some day in the dim far off future, there will be no "hewers of wood and drawers of water." Wonder how the politician will get his boots blacked then?

**BECOMING A MOTHER.**

**A Sure Way to Avoid Danger.**  
Every true woman wants to be a mother. A baby is the dream of her life—the crowning glory of womanhood—true happiness can never be known without the blessings a child brings. It is not necessary to suffer in bringing new life into the world. By the use of "Mother's Friend," the suffering and danger can be avoided, and the hour robbed of its dread and pain. This remedy is praised by thousands who have tested it. Every woman is anxious to learn how to avoid the pain and suffering which may be in store for her. The little book, "Before Baby is Born," will be sent free to any address upon application to the Bradfield Regulator Co., Atlanta, Georgia.

**Worthy Enterprise.**  
The Music Festival to be held in Louisville on May 8th, 9th and 10th, should be well patronized by the people of Kentucky, Tennessee and Southern Indiana. It is an enterprise that commends itself to all lovers of music, as well as to those who are interested in the general development of Louisville and surrounding territory.

**Be More Thoughtful.**  
Notwithstanding the fact that the town has placed private hitching racks on all streets, there are some people who persist in hitching to private fences. The fence at the Presbyterian church has been badly damaged in this way, and last week several panels were torn completely away. People evidently hitch to fences thoughtlessly, but if they had to pay for rebuilding and replacing planks they would hitch to the places made for such purposes.

**Anthony Hope's Latest Romance.**  
Anthony Hope's new romance, "The Countess Emilia," beginning in the "May Ladies' Home Journal," will be read with the greatest interest by its author's admirers in this country. In the very opening chapter the reader's curiosity is aroused in the liveliest way. The story is in Anthony Hope's characteristic vein, and carries one's interest as unwaveringly as "The Prisoner of Zenda," with which he entertained and delighted every lover of a good story well told.

**McClure's Magazine for May.**  
The special literary features of the number are an excellent short story by Kipling, "The Flag of the Country," a series of poems of the gold trail, by Hamlin Garland; and, particularly, the opening installment of a novel of American life, "The Gentleman from Indiana," by a new writer, Mr. Booth Tarkington. This last, for a first work, is very distinguished. The characters are presented with mastery clearness and individuality; they and the whole scene and atmosphere in which they move are charming; and, finally, the incidents in which they are involved have unfailing freshness and significance and often become intensely dramatic.

**To the North.**  
The Queen and Crescent Route has inaugurated a service of observation cars on the famous Blue Grass Vestibule between Cincinnati and Lexington. Free Parlor cars and Queen and Crescent Standard Vestibule day coaches, 4 trains daily to Cincinnati with close connection with all trains north. Queen and Crescent trains are without a peer in the South. 17 miles shortest line, unequalled train service. W. C. Rippey, General Passenger Agent.

**Colored Recruits.**  
The War Department has wired Lt. W. T. Johnston, recruiting officer at Lexington, Ky., to enlist colored applicants for Cavalry and Infantry service, sending the former to Fort Grant, Arizona, and the latter to Fort Douglas, Salt Lake City. This is an excellent opportunity for young colored men to get into the regular Army. Recruit for white Infantry and Cavalry regiments are also wanted. Apply to  
LIEUT. W. T. JOHNSTON.  
Main St. Lexington, Ky.

**Why Not Try It?**  
We cannot see why the churches in town don't lay aside their mouse-track differences and have union meetings every Sunday night. Every church in town now has a splendid preacher, but the attendance at all of them on Sunday night will not make one good sized audience. There are some members who think their chances for the promised land will be forever blasted if they worship in other churches, but they are greatly in the minority, thank the Lord, and we believe that if each church will vote on the question, Union Meetings will carry by an overwhelming majority. Nothing would do more good than to unite the congregations, get all the singers together and lay aside the petty differences every Sunday night. By doing this, church members can show the outside world that they have genuine religion and believe that other people, save their own members, stand some show for thumping a harp in the great hereafter. What say ye, brethren? Will you dwell together in unity?

**THE SHAFT DEDICATED.**  
Speech of Gov. W. O. Bradley at the Unveiling of the Kentucky Monument in Chickamauga Park.

**CHICKAMAUGA, Tenn., May 3.**—At the unveiling of the Kentucky monument in Chickamauga Wednesday Gov. Bradley said in part:  
Many monuments have been erected upon battlefields of this republic, but it has remained for Kentucky to be the first of all the states, with temper and modesty, to erect a monument to all her sons—a monument that carries with it and upon it complete reconciliation of all contending passions. This shaft is dedicated, not alone to those who died in this and surrounding fields, but to the survivors who, when the fighting ceased, lay down their arms, and to the brave and noble soldiers who, when the fighting ceased, lay down their arms, and to the brave and noble soldiers who, when the fighting ceased, lay down their arms.

**Kentucky** has evinced no partiality in this evidence of loving remembrance. It carries with it no heart-burning, no jealousy, no ill-will, but is not an emblem of honor to the victor and reproach to the vanquished—but an equal tribute to the worth of all. In future, the descendants of our forefathers may proudly gaze upon it, realizing that the state has honored their ancestors, and that although their cause was lost, their heroic deeds will live in the memories of posterity. And the sons of the brave men who fought on the other side may look upon it with a feeling of pride, realizing that it commemorates the gallant deeds of their illustrious ancestors, who preserved the nation from destruction. May it endure forever, standing guard over victor and vanquished, with the statue that surmounts it, in one hand holding the torch of liberty, shedding abroad the light of freedom, and in the other grasping the sword, emblematic of the strength of one people, ready and anxious at all times to uphold the rights of our country, and to defend the sacred soil from the invasion of any foreign foe that shall seek to invade them.

**Child Crushed to Death.**  
WEST LIBERTY, Ky., May 2.—Charlie Henry and wife and child, 1 year old, in the arms of its mother, who was on horseback crossing the Licking river at this place, met a four-mule team and wagon on the bridge. The mules became frightened and ran away, the wagon striking Mrs. Henry's horse and throwing her and the child. The wagon ran over and crushed the child to death and the mother was badly hurt.

**Will Visit Her Home.**  
LOUISVILLE, Ky., April 29.—Mr. and Mrs. Antonio de Navarro, the latter formerly Mary Anderson, the actress, who have arrived in New York, will come to this city. Word has been received by her friends here to that effect. She was born and made her debut here.

**Murdered With a Club.**  
BENTON, Ky., May 2.—James Mason got drunk and created a disturbance in a church, on the edge of Graves county. John Cope, a constable, attempted to arrest him. Mason clubbed him, breaking his skull. His recovery is impossible. Mason escaped.

**Mysterious Death at Paris.**  
PARIS, Ky., April 29.—Will Stivers died here under mysterious circumstances. He was ill but three days and the physicians are unable to account for his trouble. There are strong suspicions that he was sandbagged. A post mortem will be held.

**Printer Commits Suicide.**  
LOUISVILLE, Ky., April 29.—At Seebree, Ky., the body of Emerson Roper, a printer, was found in his room with an empty pistol by his side. No cause for the suicide known. Three balls entered his body, one piercing the heart.

**Ignited to Death.**  
OWENSBORO, Ky., April 30.—The little child of John Hefflin, while rolling a hoop in the yard at her father's home, ran into a cauldron of boiling lye and was so badly burned that she died in a few hours.

Horsemen From the Campbell County Track Now at Louisville—100 Horses.  
Arrived From Memphis, Tenn.

**LOUISVILLE, Ky., May 2.**—Over 700 horses are now at Churchill Downs ready for the spring meeting, which begins next Thursday. The track was a lively place all during Sunday and Monday it will be still more lively, as 100 horses arrived Sunday night from Memphis and about twice that many will reach here Monday. Sunday the weather was fine for exercising the racers and nearly all the more prominent horses were out. Great interest centered in Manuel, the derby favorite, as even Bob Walden, his trainer, was not certain that his horse would be able to start in the star event of the meeting because of his injured foot. Walden succeeded in getting such a boot as he wanted for Manuel Saturday afternoon, and the great Morris colt stepped a mile and a quarter in 2:10, with all ease. Almost every one at the track, and there were hundreds of idle spectators watching the work of the paces, went wild with delight over Manuel's performance.

His Lordship, however, another derby candidate, went the same distance in 2:10, but was excited, it seemed, much more than Manuel was. Corrine, the California colt, which El Corrigan hopes will win the derby, went a mile and a quarter, but was not pegged at all, and no record of his work was taken. Fortunately, another aspirant for the derby stake, was out also, and the best he could do was a mile and a quarter in 2:15. He will hardly start in the derby.

The strings which arrived Sunday night from Newport were: Dan O'Brien, 6; R. Tucker, 6; Frank Jones, 4; J. V. Carter, 2; H. Scoggan, 6; T. G. Calvert, 11; John Hannigan, 3; James Murphy, 3.  
These strings will arrive Monday from Memphis: J. Brennan, 13; J. B. Lewman, 12; T. P. Hayes, 18; J. Desha, 12; W. J. Smith, 5; Robinson & Moore, 10; P. M. C. Vill, 13; J. C. Ferris, Jr., 13; A. G. **THE CACCO CO., INCORPORATED.**  
The Company Propose to Purchase and Cultivate 5,000 Acres of the Best Tobacco Land in Cuba.

**PARIS, Ky., May 2.**—The Cuban Co-operative Tobacco Co. has organized and incorporated here. The company proposes to purchase and cultivate 5,000 acres of the best tobacco land in Cuba. Hon. Claude M. Thomas, of the company, has just returned from Cuba, where he secured options on some of the most valuable lands. The directors are John T. Hinton, P. I. McCarthy, William Myall, Ford Brent, C. M. Thomas, Paris; City Solicitor W. D. McShaw, of Covington; P. H. McFlynn, president of the Xenia Shoe Co., Xenia, O. The stock is being rapidly taken up.

**A. P. Crawford Nominated.**  
BEATYVILLE, Ky., May 3.—The democrats of the Ninety-second legislative district met here Monday in convention. A. P. Crawford was nominated to represent the district in the next general assembly. The Chicago platform, Bryan and ex-senator Jo Glassburn were endorsed.

**MONTHLY SUFFERING.**  
Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

**Wine of Cardui**  
makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all their pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

**Mrs. ROZEMA LEWIS**

## About People.

While in Lexington, a few days ago, we had the pleasure of calling upon Hon. Sam J. Roberts in his sanctum at the Leader office. Mr. Roberts came to Lexington twelve years ago and established the Leader. Being a red-hot Republican organ, and the state at that time overwhelmingly Democratic, many predicted the downfall of the paper. But Mr. Roberts' gentlemanly deportment, untiring energy and brainy writings, rapidly made friends, and even his most bitter political opponents soon formed a warm admiration for him. The Leader fast earned the right to its name and now is the foremost Republican paper in the state. Mr. Roberts is one of the very few men who work for his party instead of personal welfare. One of his most admirable points is that he refuses to band with any clique, and will not be led by the nose by any so-called bosses. Being a typical gentleman, he holds hands off from any dirty work which politicians frequently get into. He is just such a man as the Hon. James W. Caperton, who we frequently hold up as a party man from principle, and not personal gain. Mr. Roberts is now collector of internal revenue, but keeps an eye on the management of his pet, the Leader. He is a very busy man, but unlike some men of position, he can find time to stop and have a pleasant chat with a friend without believing the wheels of the nation will stop when he lays down his pen.

One of the cleverest fellows who has been in Lancaster in many a day, is Dick Ryan, who is assisting his father, Capt. J. R. Ryan, in the hotel building and many other contracts now being carried out in this city. He is the kind of fellow one wants to call by his first name as soon as being introduced to him. "Dick" is indeed a genius. No plans ever made for Lancaster people have compared with his, either in accuracy or economy for the builder. He has made plans for many prospective builders and has enough work ahead to keep him busy for some time. Like his clever father, he can tell a story to perfection, and knows all the latest and best ones going. He rode two heats on the Kay Pea goat last Friday night and is due for another tomorrow. Dick is rather low in stature and when he rode into the lodge room behind Jake Joseph, who weighs 325 pounds, the contrast in size was amusing, but Dick stuck to Jake like a leech, and the goat failed to throw him. If you want to have a pleasant conversation get in company with Dick Ryan.

Capt. Herndon announced to us, rather excitedly, that he had won a case in the Police Court. As every fellow taken there is guilty, of course they receive a fine and sometimes a prison sentence. We asked the genial Captain how the "feat" was performed, and he said: "Well, I asked for a jury. As most every man about town was busy, the officer could only secure three jurors. I agreed to try the case with this number and we proceeded with the case. My client got the hot end of the evidence but when the time came to argue the case I began by telling the jury that the law called for twelve jurors, but as the men were now trying before equaled in quality and ability any twelve men, we were willing to leave it to them. As said before, I won the case."

Mr. W. G. Nunneley, of Louisville, representing Ballard & Nunneley's famous flour, was in town this week and called at The Record office. We found him a perfect, christian gentleman, and exceedingly pleasant company. His attention was attracted by the lightning type setting of Captain White, and he soon struck up an acquaintance with the latter. It turned out that they had lived in Somerset at the same time and Capt. White's children had gone to school to Mr. Nunneley. Mr. Nunneley said: "I remember distinctly your twin daughters, Mollie and Alice. They were the prettiest children I ever saw, and the brightest." It was interesting to hear the conversation between the two friends of many years ago.

It is said that the farmers now find it much more profitable to breed and raise their own cattle to feed than to pay such high prices for feeders that, if not good grades and well bred, leave no profit for feeding and often a loss of feed. Many Lancaster people remember Lou Brown, the handsome young man who used to visit Col. Ben F. Robinson. The young ladies, especially, remember his handsome face and figure as being a regular attendant at Lancaster hops and parties. Lou is now ticket agent at the C. & O. depot in Lexington, and we have the pleasure of a chat with him every time we visit that city. Several years ago he married the handsome daughter of Hon. Claude Johnston, of Winchester, and a sweet-faced girl baby has blessed the union. No young man ever visited our town who made more friends than did Lou Brown.

Mr. Wm. C. Price, of Danville, was here the other day and honored The Record office by a call. Mr. Price was born and reared in Lancaster, but moved to Danville some years since. He has that social, gentlemanly manner, so characteristic of his father, the lamented Dr. Jennings Price, and his presence is always enjoyable. Mr. Price is a fine musician, his favorite instrument being the cornet. Like all sensible men, he prefers a good brass band, and would rather hear one un-

der a circus canvass than listen to all the squeaking fiddles you could crowd into Cincinnati's big music hall. He also delights in hunting and fishing, and if you want to get him "strung out" in conversation, just bring up the subject of music, guns or Meeks' reels.

E. R. Sparks bought of Spillman Bros., of Garrard county, 80,000 pounds of hemp at \$4.75.—Jesseamine Journal.

Corn planting has been rushed during the past few weeks. Owing to the damage to wheat a tremendous crop of corn is being planted.

For the first time since 1894 hemp has reached the \$5 notch. In Lexington the other day Mr. W. J. Lauridge bought 30,000 pounds at \$5, or one hundred dollars per ton.

For sales of stock in the county, we refer our readers to the letters published from the different post offices. We have an excellent corps of news gatherers over the county and by looking over their reports you will see what stuff is bringing.

Timothy hay should never be fed to sheep, as it often causes a derangement of the digestive tract. And timothy is of a fat forming nature, hence is not as valuable a food as clover and other grasses which are rich in protein.

The Dairy World says that 2,000,000 cases of condensed milk were put up in this country during the last year, and that more than half of this was consumed in this country. The rest was exported, mostly to Japan, China and India. The demand for American condensed milk is steadily on the increase.

H. A. B. Marksbury, who has handled more wheat than any man in the county, tells The Record he believes the wheat in Garrard will not make half a crop. He attributes the fact to the hard, severe frozes. He says the early sowing seems to be all right, but the late sowing has been damaged to a distressing extent.

The disease known as thumps is very common among pigs, especially young ones. It is, however, not a disease in itself, but an evidence of disease, and is an accompaniment of many diseases. Its symptoms are a jerking or twitching action of the heart or diaphragm. As thumps are merely an evidence of other diseases, to cure it it would be necessary to get at the disease itself.

The Arkansas Experiment Station has succeeded in growing pork at a cost of 14 cents per pound. Winter pasture, of rye and clover, with sorghum, sweet potatoes and peanuts, all of which the hogs harvested themselves, were the factors that did the work. All feed at market price, labor and land rent were charged against the hogs.

By allowing the accumulations in the bowels to remain, the entire system is poisoned. DeWitt's Little Early Risers regulate the bowels. Try them and you will always use them.

No other business man has greater need of a first-class team than the farmer, and no other has so good an opportunity to get and keep a first-class team; still the farm teams of the country are not a credit to the profession. It is only a new application of the truth expressed in the adage, "The shoemaker's wife goes barefooted."

A well known Chicago commission man says: "To attempt to build a beef structure upon a Holstein, Jersey or other dairy breed base would be to imitate the man who built his house upon the sand. The wind of the market would sweep the structure away in one 'fell swoop' and financial disaster attend the unfortunate feeder's misguided efforts."

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: I would not be without One Minute Cough Cure for my boy when troubled with a cough or cold. It is the best remedy for croup I ever used."

An exchange says that every paper in the State should publish the fact that burnt corn is a sure cure for hog cholera. It was first discovered by burning a pile of corn, belonging to a distiller. It was thrown to the hogs and eaten by them. Before that a number of them had been dying each day, but the disease disappeared. It

is so simple a remedy that it can be easily tried, and if found efficacious, should be generally used as a preventive.

In answer to a correspondent the editor of the Breeders' Gazette says: "It is true that Shorthorns (or any other breed of cattle) will cease milking at six or seven months, when the calves are allowed to suckle. Nature regulates that. The persistent milking trait is a result of habit induced and fixed by artificial means—that is, by continued hand milking. The milking habit can be cultivated and when this cultivation is omitted the cow relieves herself of nourishing the calf as soon as the dictates of her nature will permit. The Jersey would lose its persistent milking habit in time if calves were allowed to suck. The milking qualities of Shorthorns have suffered from this treatment."
